Hi Mark

Make sure this is a priority.

We can't have nightshift extending by hours....I understand many are still out there right now. They need to be gone before 9am.

Good morning, attached is an image from S/Sgt Frost of the staffing currently working the demo area which will need to be replaced by the demo staffing.

The team leads are Sgt Cattral and Cst Lechleitner. REDACTED

Russ, let me know when you'd like to plan periodic briefings today.

There have been a few issues that have been brought forward that I trust all are aware of, but need to be highlighted.

Staffing; many dayshift officers were on duty for over 15 hours. Some were not accounted for (REDACTED). They were not relieved by afternoon shifts.

Is there a plan for relief today?

Should cement barricades be used to block roads instead of having to staff location with heavy trucks? Insp. Harper suggested this earlier

Do we have someone at NCRCC who can monitor staffing levels, relief, logistics so that officers are not unaccounted for?

A decision for Monday and Tuesday should be made asap as we will have a difficult time staffing these shifts on overtime. Officer morale is low given the long shifts (don't shoot the messenger- that is the sentiment)
